#### **Guidelines on Use of Modern Technology when Working with Children – Use of Photography and Video:**

The use of photography and video is an issue of great concern among those working with children. The Diocese recognises that every parish has their own arrangements in relation to its use in schools, youth groups and for the sacraments however the guidelines have been devised below to aid parishes and diocesan groups:

- It is always good practice to seek *written* permission from a parent or guardian before taking any photographs or video footage of children. This written permission must be sought from the parent/guardian or the person who owns the photograph before it can be displayed on promotional materials or websites. This can be incorporated in the registration form when a child joins a group (template permission Resource 10);
- Neither names nor any personal information should be displayed alongside any photographs;
- Special consideration should be given where taking photographs or video footage might be misinterpreted, or the images could be seen as provocative (e.g. beach trip or gymnastics display etc.). It is not to say, however, that with the right planning, these events cannot be recorded and enjoyed.

Photography and video recording are important methods of recording social activity and providing an historic record – illustrating and validating important moments in people's lives. This process is a powerful and personal one, and therefore we must respect the rights of all to make the choice whether or not to be photographed.

*From Safeguarding Policy and Procedures, published on behalf of the **Diocesan Safeguarding Committee***

**Child Safeguarding:** If you or anyone you know has a concern or wishes to report an allegation directly to the statutory authorities, please contact the PSNI / local Health and Social Care Trust. If you are contacting the latter, ask to speak to the Duty Social Worker. Alternatively, if you have a child safeguarding concern in relation to any member of Church personnel and wish to report it to Church authorities, please contact one of the diocesan designated persons, who will in turn report your concern to the relevant statutory authorities. *See poster at entrance*

#### **Pope Francis' Message for World Day of Peace 2019**

*Charity and human virtues: the basis of politics at the service of human rights and peace*

'Pope Benedict XVI noted that "every Christian is called to practise charity in a manner corresponding to his vocation and according to the degree of influence he wields in the polis... When animated by charity, commitment to the common good has greater worth than a merely secular and political stand would have."

This is a programme on which all politicians, whatever their culture or religion, can agree, if they wish to work together for the good of the human family and to practise those human virtues that sustain all sound political activity: justice, equality, mutual respect, sincerity, honesty, fidelity. In this regard, it may be helpful to recall the "Beatitudes of the Politician", proposed by Vietnamese Cardinal François-Xavier Nguyễn Văn Thuận, a faithful witness to the Gospel who died in 2002: "Blessed be the politician with a lofty sense and deep understanding of his role. Blessed be the politician who personally exemplifies credibility. Blessed be the politician who works for the common good and not his or her own interest. Blessed be the politician who remains consistent. Blessed be the politician who works for unity. Blessed be the politician who works to accomplish radical change. Blessed be the politician who is capable of listening. Blessed be the politician who is without fear." Every election and re-election, and every stage of public life, is an opportunity to return to the original points of reference that inspire justice and law. One thing is certain: good politics is at the service of peace. It respects and promotes fundamental human rights, which are at the same time mutual obligations, enabling a bond of trust and gratitude to be forged between present and future generations.'

**The Millennium Forum – Changing Place Facility:** This is a space which provides a private area for people who require an adult changing bench, hoist and toilet. Over ¼ million people need Changing Places toilets to enable them to get out and about and enjoy the day-to-day activities many of us take for granted. The Millennium Forum Changing Place is open to all members of the public, not only people attending the theatre.
