**Thought for the Epiphany:** "If we want to find Jesus, we have to overcome our fear of taking risks, our self-satisfaction and our indolent refusal to ask anything more of life. We need to take risks simply to meet a Child. Those risks are immensely worth the effort since, in finding that Child, in discovering his tenderness and love, we rediscover ourselves."

### Pope Francis' Message for World Day of Peace 2020:

"Faced with the consequences of our hostility towards others, our lack of respect for our common home or our abusive exploitation of natural resources – seen only as a source of immediate profit, regardless of local communities, the common good and nature itself – we are in need of an ecological conversion. The recent Synod on the Pan-Amazon Region moves us to make a pressing renewed call for a peaceful relationship between communities and the land, between present and past, between experience and hope.....All this gives us deeper motivation and a new way to dwell in our common home, to accept our differences, to respect and celebrate the life that we have received and share, and to seek living conditions and models of society that favour the continued flourishing of life and the development of the common good of the entire human family."

#### Guidelines on Use of Modern Technology when Working with Children – *Use of Photography and Video:*

The use of photography and video is an issue of great concern among those working with children. The Diocese recognises that every parish has their own arrangements in relation to its use in schools, youth groups and for the sacraments however the guidelines have been devised below to aid parishes and diocesan groups:

- It is always good practice to seek *written* permission from a parent or guardian before taking any photographs or video footage of children. This written permission must be sought from the parent/guardian or the person who owns the photograph before it can be displayed on promotional materials or websites. This can be incorporated in the registration form when a child joins a group (template permission Resource 10);
- Neither names nor any personal information should be displayed alongside any photographs;
- Special consideration should be given where taking photographs or video footage might be misinterpreted, or the images could be seen as provocative (e.g. beach trip or gymnastics display etc.). It is not to say, however, that with the right planning, these events cannot be recorded and enjoyed.

Photography and video recording are important methods of recording social activity and providing an historic record – illustrating and validating important moments in people's lives. This process is a powerful and personal one, and therefore we must respect the rights of all to make the choice whether or not to be photographed.

*From Safeguarding Policy and Procedures, published on behalf of the Diocesan Safeguarding Committee*

**Child Safeguarding:** If you or anyone you know has a concern or wishes to report an allegation directly to the statutory authorities, please contact the PSNI / local Health and Social Care Trust. If you are contacting the latter, ask to speak to the Duty Social Worker. Alternatively, if you have a child safeguarding concern in relation to any member of Church personnel and wish to report it to Church authorities, please contact one of the diocesan designated persons, who will in turn report your concern to the relevant statutory authorities. *See poster at entrance*
